Le Blanc Consulting

A global company dedicated to providing quality education, counseling, supportive services & training skills.

Our mission is to educate, train, and provide counseling and supportive services. Our goal is to empower every individual to embrace their roles as members of our society. Our purpose is to assist in the pursuit of meaningful, short term, and long term goals. Overall, we assist with both personal growth and family systems development.

Le Blanc Consulting

Though the passion for helping to educate others, LeBlanc *encourages, support, counseling, education, leadership, community involvement, individual development and family systems development*. By applying *counseling approaches and techniques* we assist with unearthing goals that lead clients to fulfilling his/her role in the community and therefore leading a meaningful and life. By uniting efforts, Le Blanc Consulting, Inc. has built a strong, referral based, cohesive, and productive organization that positively impacts the lives of children, families and communities. Le Blanc Consulting, Inc. success is based on the depth of commitment, and confidence of its Learners and Community Partners. We go above and beyond for all clients. Contact us for more information.

Rehabilitation counseling is a systematic process which assists persons with physical, mental, developmental, cognitive, and emotional disabilities to achieve their personal, career, and independent living goals in the most integrated setting possible through the application of the counseling process. The counseling process involves communication, goal setting, and beneficial growth or change through self-advocacy, psychological, vocational, social, and behavioral interventions.

Our Rehabilitation Counseling Services.

Focuses on [providing services in the Contra Costa County for Individuals who were injured at work and need rehabilitation counseling supports may not be ready and able to work. Helping people find meaningful work that serves to increase their independence and social interconnectedness.

Our Vocational Rehabilitation Counseling Values

- Facilitation of independence, integration, and inclusion of people with disabilities in employment and the community.
- Belief in the dignity and worth of all people.
- Commitment to a sense of equal justice based on a model of accommodation to provide and equalize the opportunities to participate in all rights and privileges available to all people; and a commitment to supporting persons with disabilities in advocacy activities to achieve this status and empower themselves.
- We place an emphasis on the holistic nature of human function which is procedurally facilitated by the utilization of such techniques as:
 - 1) Interdisciplinary teamwork
 - 2) Counseling to assist in maintaining a holistic perspective
 - 3) Commitment to considering individuals within the context of their family systems and communities.
- Recognition of the importance of focusing on the assets of the person.
- Commitment to models of service delivery that emphasize integrated, comprehensive services which are mutually planned by the consumer and the rehabilitation counselor.

Le Blanc Consulting

The specific techniques and modalities utilized within this rehabilitation counseling process may include, but are not limited to:
